CAREER PROFILE

- First year Computer Science student seeking immersive internship opportunities in the field of Software Development.
- Highly motivated student with strong foundational knowledge in programming and computer science principles.
- Strong communication and leadership skills developed through roles such as Softball Vice-Captain and member of the Young Sikh Association.

EDUCATION

National University of Singapore - Aug 2022 to May 2026

Bachelor of Computer Science – GPA: 4.5 / 5.0

- Strong Computer Science foundation through modules Programming Methodology and Discrete Structures.
- Learning Data Structures and Algorithms, Object-Oriented Programming and Functional Programming using Java in upcoming Semester.

Raffles Institution - Jan 2014 to Nov 2019

Achieved 4 As in Mathematics, Economics, Chemistry and Biology

EXPERIENCE

Data Analyst Internship

Medical Research under Dr Saminathan Suresh Nathan - Aug 2020 to Apr 2021

- Extracted data from a Gait Analysis Software from both Singaporean and Filipino patients and analyzed it using Microsoft Excel.
- Performed statistical analysis to disprove that rotationplasties produced superior post-surgery performances compared to above-the-knee amputations for patients with tumors about the knee.

Programming Skills

- Languages: Python, JavaScript, HTML, CSS. Learning Java in upcoming semester.
- Technologies: React, Bootstrap, JQuery, Sass, Git and Visual Studio.
- Learning back-end development soon.

EXTRACURRICULAR ACTIVITIES

Softball Vice-Captain - Jan 2018 to May 2019

- Learnt communication and leadership skills when I led my school's Softball team as Vice-Captain to win second place in the "A" Division National School Games.
- I helped by organizing drills and by taking accountability for equipment.

Member of the Young Sikh Association (YSA) - 2018 to Present

- I help to organize events such as YSA's 15th 'Racial Harmony' 4-A-Side Football Tournament and volunteer regularly for community service.
